- Lasprowy
- Wierch

Polish Rivers:

- Vistula (longest river in Poland)
- Oder (second longest river in Poland)
- Warta (third longest river in Poland)

Climates

The UK's climate is maritime, moist and temperate, with a moderate annual temperature range. Average annual precipitation in the UK typically ranges from approximately 800 mm to 1,400 mm.

Poland has a moderate climate with both maritime and continental elements. You can count on many sunny days and many rainy days and don't be surprised when the summer turns out to be quite hot or quite rainy. Winters are usually cold, with temperatures well below freezing, and more or less snowy.
