

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

School overview

Detail	Data
School name	Hunsbury Park Primary School
Number of pupils in school	300
Proportion (%) of pupil premium eligible pupils	33% (100 pupils)
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021/2022 2022/2023 2023/2024
Date this statement was published	September 2021
Date on which it will be reviewed	September 2022
Statement authorised by	Kate Burt
Pupil premium lead	Kate Burt
Governor / Trustee lead	Tessa McLaughlin

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£111,635
Recovery premium funding allocation this academic year	£12,758
Pupil premium funding carried forward from previous years	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£124,393

Part A: Pupil premium strategy plan

Statement of intent

When making decisions about using Pupil Premium funding it is important to consider the context of the school and the subsequent challenges faced. Research conducted by EEF should then be used to support decisions around the usefulness of different strategies and their value for money.

All members of staff and the governing body accept responsibility for 'socially disadvantaged' pupils and are committed to meeting their pastoral, social and academic needs within a caring and nurturing environment. We hope that each child will develop a love for learning and acquire skills and abilities commensurate with fulfilling their potential and as an adult finding employment.

Hunsbury Park Primary School key principles:

- We ensure that teaching and learning opportunities meet the needs of all our pupils.
- We ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed.
- We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals.
- Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals.

Common barriers to learning for disadvantaged children, can be less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no "one size fits all".

Our ultimate objectives through the Pupil Premium funding are:

- ✓ To narrow the attainment gap between disadvantaged and non-disadvantaged pupils.
- ✓ To enrich all disadvantaged pupil's experiences and opportunities in school.
- ✓ To ensure all disadvantaged pupils make or exceed nationally expected progress rates.
- ✓ To support pupil's mental health and wellbeing to enable them to access learning across the curriculum.
- ✓ To raise children's life ambitions and future careers by providing experiences and opportunities for children to succeed.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Narrowing the attainment gap in Reading, Writing and Maths between Pupil Premium and non-Pupil Premium pupils
2	Accelerating progress for those pupils who are more vulnerable (pupil premium and/or SEND/EAL)
3	Attainment gap in pupil premium pupils achieving greater depth
4	Attendance and Punctuality difficulties
5	Raising pupils mental health across the school
6	Enriching experiences and providing opportunities for vulnerable pupils
7	Safeguarding requirements for all children

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Progress in Reading	Achieve national average progress scores in KS2 Reading Achieve national average progress scores in Y1 and Y2 Phonics screening
Progress in Writing	Achieve national average progress scores in KS2 Writing
Progress in Mathematics	Achieve national average progress scores in KS2 Maths
Maintain attendance	Ensure attendance of disadvantaged pupils is above 96%

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Approximate budgeted cost: **£ 31,000**

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p><u>Talk for Reading approach</u> for the teaching of Reading implemented across the school to raise standards in the teaching and learning of whole class Reading sessions.</p> <p><u>The development of the importance of Oracy</u> across the school through the Talk for Reading and Talk for Writing teaching approaches.</p> <p><u>CPD Training opportunities</u> for all teachers to ensure consistency in the teaching of Reading and Writing across the school.</p>	<p>The 30 million word gap – in low income households children up to 4 years old hear 30 million less words than a child in a higher income household.</p> <p>EEF: Oral Language Interventions (+6 months) ‘Oral language interventions are based on the idea that comprehension and reading skills benefit from explicit discussion of either content or processes of learning, or both, oral language interventions aim to support learners’ use of vocabulary, articulation of ideas and spoken expression.’</p> <p>Whole school development on Oracy introduced as the ‘golden thread’ of our curriculum to enrich learning for all pupils.</p> <p>Whole school development on Reading across the school with the introduction of reading logs and enhancement of reading environments throughout the school.</p>	1, 2, 3
<p><u>Part time Forest School teacher/practitioner</u> to lead forest school sessions for all pupils across the school to develop social and emotional skills, support mental health and pupil wellbeing</p>	<p>EEF: Social and Emotional Learning (+4 months) Social and emotional learning (SEL) interventions seek to improve pupils’ decision-making skills, interaction with others and their self-management of emotions, rather than focusing directly on the</p>	5, 6

and enrich children's learning.	academic or cognitive elements of learning.	
<u>Mindfulness CPD Training</u> for all staff to adopt this approach to their teaching.	<u>EEF: Metacognition and Self-Regulation (+7 months)</u> Metacognition and self-regulation approaches to teaching support pupils to think about their own learning more explicitly, often by teaching them specific strategies for planning, monitoring, and evaluating their learning. Metacognition is the process of learning to learn.	1, 2, 3, 5
<u>Appointment of a new HLTA</u> to work vulnerable pupils across the school to close the gaps in attainment and accelerate progress.	<u>Catch Up Premium 2020-2021 evaluation</u> – appointment of a HLTA through the Catch up premium accelerated pupils progress in core skills through intensive intervention.	1, 2

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Approximate budgeted cost: £ 56,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p><u>Increased teaching assistant working hours</u> to support vulnerable pupils (PP, EAL and SEND) who are working towards or below age related expectations in Reading identified for <u>Switch On Reading intervention</u> led by a focused teaching assistant.</p> <p>15 pupils identified per term for 12 week intervention. 45 pupils supported per academic year.</p>	<p><u>EEF: Reading Comprehension Strategies (+6 months)</u> 'Studies in England have shown that pupils eligible for free school meals may receive additional benefits from being taught how to use reading comprehension strategies. Lower attaining pupils appear to benefit in particular from the explicit teaching of strategies to comprehend text. Shorter interventions of up to 10 weeks tend to be more successful.'</p> <p><u>Case Study: Implementation of Switch On Reading Intervention through Catch-Up Funding 2020-2021</u></p>	1, 2, 5

	<p>Switched on Reading intervention has been highly valuable across the school. 36 children have been targeted across the school. In a 12 week intervention across the three terms all children made accelerated progress. In the Autumn term the mean progress score was +16 months, in Spring +9 months (lockdown) and during Summer +11 months.</p>	
<p>Identified pupils who are pupil premium and working towards expected standards in Maths and Reading to be <u>targeted for intensive intervention to close attainment gaps led by a Higher Level Teaching Assistant</u> across the school.</p> <p>KS1 vulnerable pupils who are working towards the expected standard to be identified for <u>intensive phonic intervention</u> to raise attainment in phonics skills</p> <p><u>Employment of a part time teaching assistant</u> to work alongside vulnerable children across the school during core learning time to support core learning skills, close the gap in attainment and accelerate progress.</p>	<p><u>EEF: Small Group Tuition (+4 months)</u></p> <p>‘Small group tuition is defined as one teacher, trained teaching assistant or tutor working with two to five pupils together in a group. This arrangement enables the teaching to focus exclusively on a small number of learners, usually in a separate classroom or working area. Intensive tuition in small groups is often provided to support lower attaining learners or those who are falling behind.’</p> <p><u>EEF: Phonics (+5 months)</u></p> <p>Phonics is an approach to teaching some aspects of literacy, by developing pupils’ knowledge and understanding of the relationship between written symbols and sounds. This involves the skills of hearing, identifying and using the patterns of sounds or phonemes to read written language. The aim is to systematically teach pupils the relationship between these sounds and the written spelling patterns, or graphemes, which represent them. Phonics emphasises the skills of decoding new words by sounding them out and combining or ‘blending’ the sound-spelling patterns.</p> <p><u>Case Study: Employment of a Higher Level Teaching assistant to lead phonic interventions across the school through Catch-Up Funding 2020-2021</u></p>	<p>1, 2</p>

	<p>Sounds Write phonics interventions delivered by the HLTA ensured the Phonics screening predicted rate increased from 54% to an actual pass rate of 78%.</p>	
<p>EYFS and KS1 vulnerable pupils with poor language skills to be identified and supported through the <u>Nuffield Early Language Intervention</u> to raise attainment in speech and language skills.</p>	<p><u>EEF: Oral Language Interventions (+6 months)</u></p> <p>‘Oral language interventions are based on the idea that comprehension and reading skills benefit from explicit discussion of either content or processes of learning, or both, oral language interventions aim to support learners’ use of vocabulary, articulation of ideas and spoken expression. There is evidence to suggest that pupils from lower socioeconomic backgrounds are more likely to be behind their more advantaged peers in developing early language and speech skills, which may affect their school experience and learning later in their school lives.’</p> <p><u>Case Study: Implementation of NELI Intervention through Catch-Up Funding 2020-2021</u></p> <p>All 12 children who completed the NELI Language intervention standard score increased post the intervention. 8 of the 12 children made very good progress. The highest standard score progress was +32 and the lowest standard score progress was +10. The average standard progress score was +18. This progress has ensured children’s language has supported their reading and writing skills.</p>	1, 2
<p><u>Implement a wide extra-curricular club offer</u> to all pupils across the school to ensure extended school time for pupils to attend academic clubs as well as extra-curricular clubs</p>	<p><u>EEF: Extended School Time (+3 months)</u></p> <p>‘To increase the likelihood of additional school time benefitting disadvantaged pupils, school leaders should consider how to secure engagement and attendance among those from disadvantaged backgrounds.</p> <p>It is possible that if targeted tuition or enrichment activities are offered</p>	5, 6

<p>Resources purchased to enhance clubs to ensure pupils learn core skills in a fun and adventurous way</p>	<p>universally, those who could benefit the most would be the least likely participate or engage. Adopting a more targeted approach also has its challenges though, as selected pupils may feel singled out and stigmatised.'</p>	
<p>Revised systems through <u>re-deployment of four Behaviour Support Assistant to Learning Support Assistants</u> to work across the school to support learning of SEND and vulnerable learners focusing on supporting the learning now behaviour in the school has made a dramatic decrease.</p> <p><u>Learning Support Assistants trained</u> in identified learning interventions to offer a consistent approach to support vulnerable pupils across the school.</p>	<p><u>EEF: Mentoring (+2 months)</u></p> <p>Mentoring in education involves pairing young people with an older peer or adult volunteer, who acts as a positive role model. In general, mentoring aims to build confidence and relationships, to develop resilience and character, or raise aspirations, rather than to develop specific academic skills or knowledge.</p>	<p>1, 2, 4, 5</p>
<p>School Led Tutoring programme led through the NTP. <u>Teaching staff employed as tutors</u> to support vulnerable pupils and pupils working towards expected standards.</p>	<p><u>EEF: Small Group Tuition (+4 months)</u></p> <p>Small group tuition is defined as one teacher or professional educator working with two to five pupils together in a group. This arrangement enables the teacher to focus exclusively on a small number of learners, usually in a separate classroom or working area. Intensive tuition in small groups is often provided to support lower attaining learners or those who are falling behind, but it can also be used as a more general strategy to ensure effective progress, or to teach challenging topics or skills.</p>	<p>1, 2</p>

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Approximate budgeted cost: £ 52,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p><u>Family Support Lead</u> appointed fulltime and established in role to support vulnerable pupils and families across the school</p> <p>Parent workshop offer and engagement to ensure all vulnerable families are supported</p> <p><u>Breakfast club</u> register to increase by 25% to support pupils attendance and punctuality (20 vulnerable pupils in attendance)</p>	<p>EEF: Parental engagement (+4 months)</p> <p>‘Parental engagement approaches are typically delivered over the course an academic year, as building effective relationships between school and parents requires a sustained effort over an extended period of time.’</p> <p>EEF: Extended School Time (+3 months)</p> <p>‘To increase the likelihood of additional school time benefitting disadvantaged pupils, school leaders should consider how to secure engagement and attendance among those from disadvantaged backgrounds.’</p>	<p>1, 4, 7</p>
<p><u>New employment of Wellbeing practitioner</u> part time to support all pupils across the school with wellbeing sessions</p>	<p>EEF: Social and Emotional learning (+4 months)</p> <p>‘Social and emotional learning (SEL) interventions seek to improve pupils’ decision-making skills, interaction with others and their self-management of emotions, rather than focusing directly on the academic or cognitive elements of learning.’</p>	<p>4, 5, 7</p>
<p><u>Worry monsters resource</u> to be implemented across the school to support pupils wellbeing</p>	<p>EEF: Social and Emotional learning (+4 months)</p> <p>‘Social and emotional learning (SEL) interventions seek to improve pupils’ decision-making skills, interaction with others and their self-management of emotions, rather than focusing directly on the academic or cognitive elements of learning.’</p>	<p>5, 7</p>

<p><u>Two part time attendance officers</u> appointed to analyse attendance data, manage persistent non attenders with formal letters and attendance meetings</p>	<p><u>EEF: Parental engagement (+4 months)</u> ‘Parental engagement approaches are typically delivered over the course an academic year, as building effective relationships between school and parents requires a sustained effort over an extended period of time.’</p>	<p>4, 7</p>
<p><u>Enrich experiences and provide extra opportunities for vulnerable pupils through a ‘virtual purse’</u> with discounted funding for parents for educational trips, residential and music tuition.</p>	<p><u>EEF: Extended School Time (+3 months)</u> Additional non-academic activities may also provide free or low-cost alternatives to sport, music, and other enrichment activities that more advantaged families are more likely to be able to pay for outside of school.’</p>	<p>5, 6</p>

Total budgeted cost: £147,758
