

Mitigating measures for visiting professionals, who work with children at HPPS, during the Covid-19 pandemic.

- Wash hands thoroughly for 20 seconds (or use hand sanitiser) before and after working with each individual or group.
- Ensure that the child/children use hand sanitiser before and after the session. (This will be provided by the school.)
- Wear a face covering or a clear visor.
- Where possible stay 2metres apart.
- Where possible, position a clear screen between you and the child/group of children.
- Ventilate the room at frequent intervals and between individuals or groups.
- Wipe surfaces, chairs and any resources with sanitising wipes (provided by the school), between individuals / groups.
